

One of Children's Action Network's most creative and passionate supporters, actress Angela Featherstone, has curated her first photography exhibit, entitled "F*** Pretty."

It is a collection of photographs by world-renowned and unknown women artists, whose work moves and inspires her. There are images from contemporary photographers Catherine Opie, Susan Meiselas, Tierney Gearon, sculptor Liza Lou and equally important to the curator, an array of emerging artists, some of whose work the curator is proud to be showing for the very first time.

The exhibit is accompanied by a musical score created by film composer Claudia Sarne (Book of Eli). A special CD will be available with proceeds benefiting Children's Action Network.

We hope you will join us for the opening night party on Thursday, July 21 from 6-9 PM at the Robert Berman Gallery at Bergamot Station in Santa Monica.
