

***About* P.S. ARTS**

P.S. ARTS is dedicated to improving the lives of children by bringing arts education to underserved public schools and their communities. The organization works to educate and empower classroom teachers through arts-related workshops that demonstrate how to integrate creative expression and the arts into core academic subjects.

***About* CHILDREN'S ACTION NETWORK**

Children's Action Network's mission is to harness the power of the media on behalf of children. To that end, CAN works with advocacy organizations nationally to promote policies that benefit children. CAN's National Adoption Campaign is dedicated to finding homes for the more than 114,000 children who are waiting for an adoptive family and improving outcomes for the more than 400,000 children in foster care.
